SUMMARY

Senior designer with 5+ years of practice across **UX research, service design, and interaction design**. I help teams turn complex problems into clear, considered, and beautifully crafted digital products — across SaaS, public sector, fintech, and clean tech.

Comfortable leading research, facilitating cross-functional workshops, building design systems, and mentoring mid-level designers. I care about *craft, clarity, and outcomes* — not just the deliverable.

01.

EXPERIENCE

2023 — PRESENT • 3 YRS

Senior UX Designer

Add Company • Netherlands • Full-time

Leading end-to-end UX design across two SaaS products, managing stakeholder alignment, and building a shared design practice across three product teams.

- Led the onboarding redesign that reduced first-session drop-off by **38%** and cut time-to-value from 14 days to 3.
- Established a research-and-synthesis playbook used by 5 designers across 3 squads.
- Mentored 2 mid-level designers, one promoted to senior within a year.
- Built and maintain the company's design system (Figma, 80+ components, 3 surfaces).

SaaS Design Systems Research Mentoring

2021 — 2023 • 2 YRS

UX / Service Designer

Add Company • Netherlands • Full-time

Responsible for research, blueprinting, and interaction design across public-sector and clean-tech engagements. Introduced a formal service design practice.

- Mapped citizen journeys for a Dutch municipality, surfacing **14 systemic gaps** that informed a multi-year strategy.
- Designed the energy monitoring dashboard for an SME-focused BESS provider.
- Ran 60+ user interviews across 4 projects; built the internal research repository.
- Facilitated 12 cross-functional design sprints.

Service Design Public Sector Clean Tech Facilitation

2019 — 2021 • 2 YRS

UX Designer

Add Company • Netherlands • Full-time

Designed web and mobile experiences with iterative research and close collaboration with product and engineering squads.

- Shipped **11 product features** end-to-end, from framing to post-launch measurement.
- Introduced usability testing as a regular cadence; saved ~6 weeks of rework on a major redesign.
- Contributed to the company's first design system.

UX Design Usability Testing Mobile

2018 — 2019 • 1 YR

Junior Designer / UI Designer

Add Agency • Netherlands • Contract

Agency role designing marketing sites, brand identities, and product UI for SME clients. Where I cut my teeth on Figma and client communication.
